STEAM Academy Middle School

201 Brotherton Lane, Ferguson MO 63135

Good day, Ma'am!

We are Shyra Mae Aguirre, Mae Albacite, Alyssa Mae Anor, Jean Louren Desamparado, Birthchelda Masanque, Ilexis Wayrint Miano, and John Vince Oyangoren, students of Bachelor of Secondary Education Major in Mathematics (BSED- Math) from Cebu Technological University - Argao Campus (CTU-AC).

We are currently conducting a field-based activity for Technology for Teaching and Learning 1 (TTL 1). As part of this activity, we would like to learn from your experiences in selecting and using technology in mathematics teaching.

With this, we would like to respectfully ask for your permission to participate in our interview. To make the activity convenient for you, we are willing to conduct the interview through Messenger chat, Google Forms, or any other method that you find convenient and comfortable. The questionnaire will contain questions related to your experiences, practices, and perspectives on the use of technology in teaching mathematics. The activity is expected to take approximately 20–30 minutes.

Your participation is completely voluntary. You may decline to answer any question or choose not to participate. Your responses will be used only for our academic activity and will be treated with respect and confidentiality. We will not include your name or other identifying information in our academic output unless you give us permission to do so.

We would also like to respectfully ask for your permission to take screenshots or other forms of documentation of the interview, if applicable. These will be used only as supporting documentation for our academic activity and will not be posted publicly or used for purposes unrelated to our school activity.

May we kindly ask for your permission to:

1. Participate in the interview using Messenger chat, Google Forms, or another method convenient for you;

2. Allow us to use your responses for our Technology for Teaching and Learning 1 academic activity; and

3. Allow us to take screenshots or other documentation of the interview, if necessary, for academic purposes.

Thank you very much for your time, consideration, and willingness to support our academic activity. We sincerely appreciate your participation and cooperation.

Respectfully yours,

Shyra Mae Aguirre

Mae Albacite

Alyssa Mae Anor

Jean Louren Desamparado

Birthchelda Masanque

Ilexis Wayrint Miano

John Vince Oyangoren
